Elections Assistance Commission Chain of Custody Best Practices

From the EAC "Chain of Custody Best Practices" document:

"Chain of custody is essential to a transparent and trustworthy election. Every election office should have written chain of custody procedures available for public inspection prior to every election. Once a chain of custody process is initiated, it must be followed with every step documented."

"It is a best practice for chain of custody procedures to be clearly defined in advance of every election, well documented and followed consistently throughout the entire election lifecycle or process."
